WORSHIP

CHOOSE YOUR SCENE

Captured in 4K60 with YoloCam S7

Unmatched simplicity, Unmatched flexibility.

- **Plug and play**

No Menu system, no sophisticated setup

- **USB Webcam Mode**

Directly connect to a computer without a capture card needed

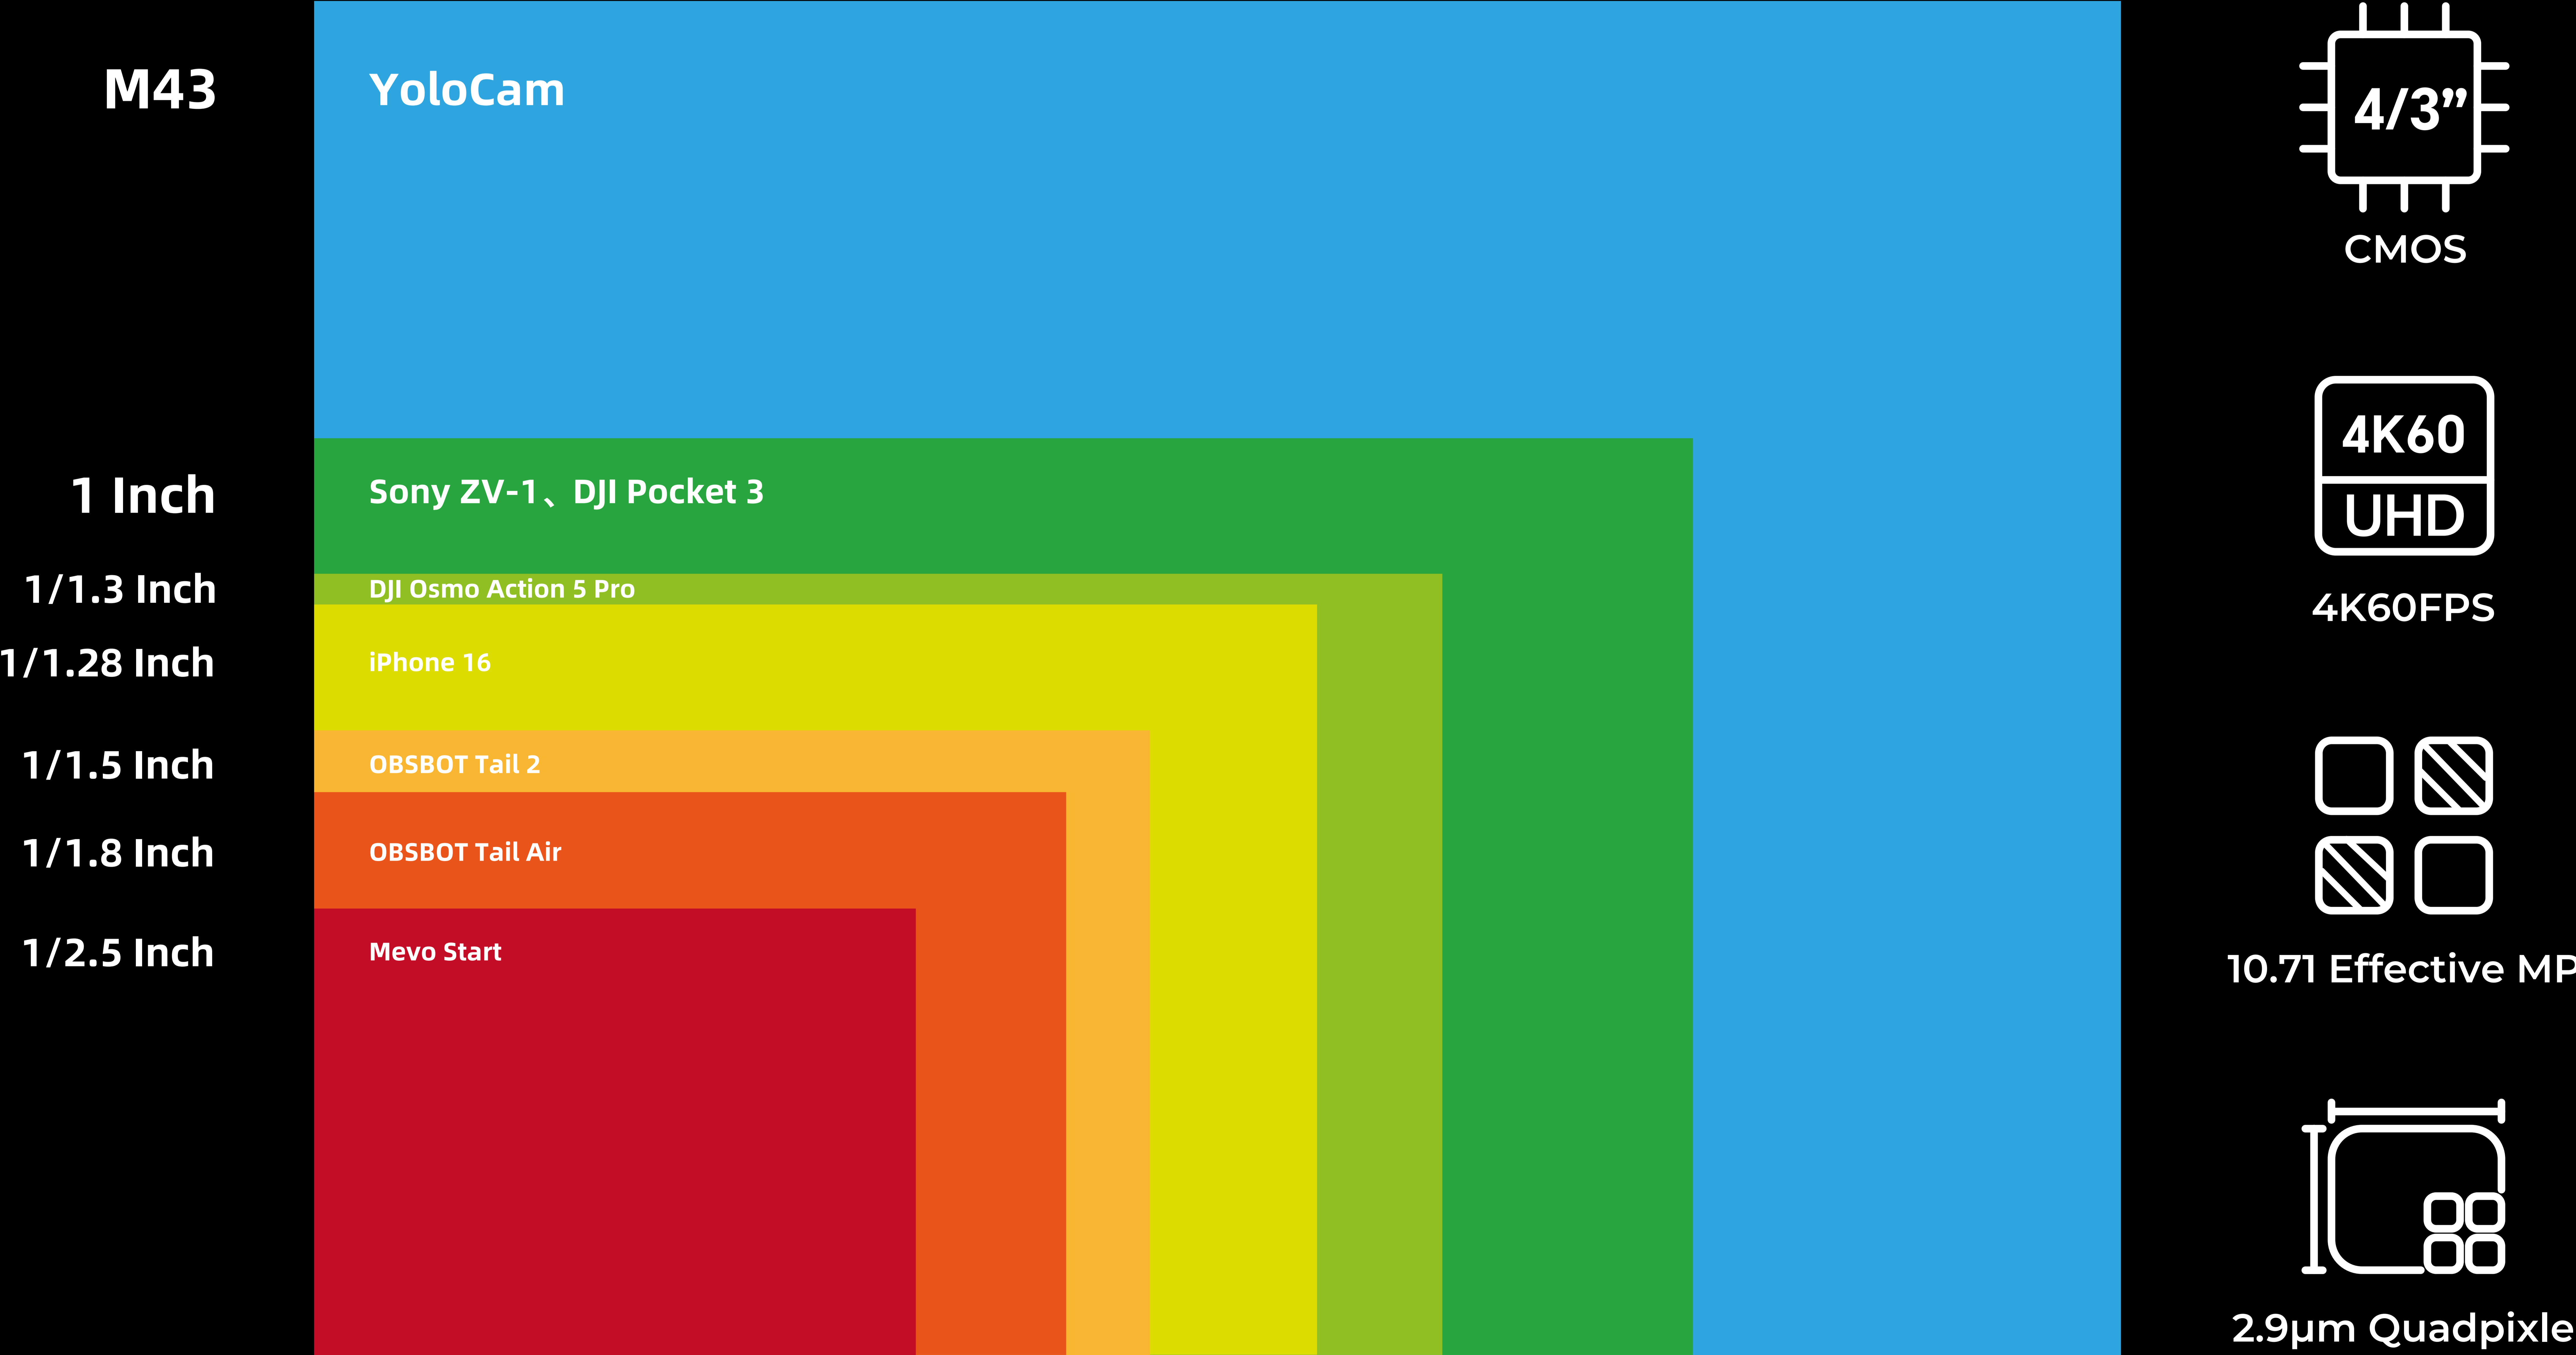

- **Less Effort, More Quality. Powered by AI**

Computational fine-tuning, automatic enhancement

Sensor Size is King

Witness the undeniable video quality advantage over smaller sensors. Because when excellence matters, every pixel counts.

Choose Your Way.

YoloCam + YoloBox/ATEM

Easy to Create
Multicam Live Stream

YoloCam + Computer

Perfect for Home Studio Creators

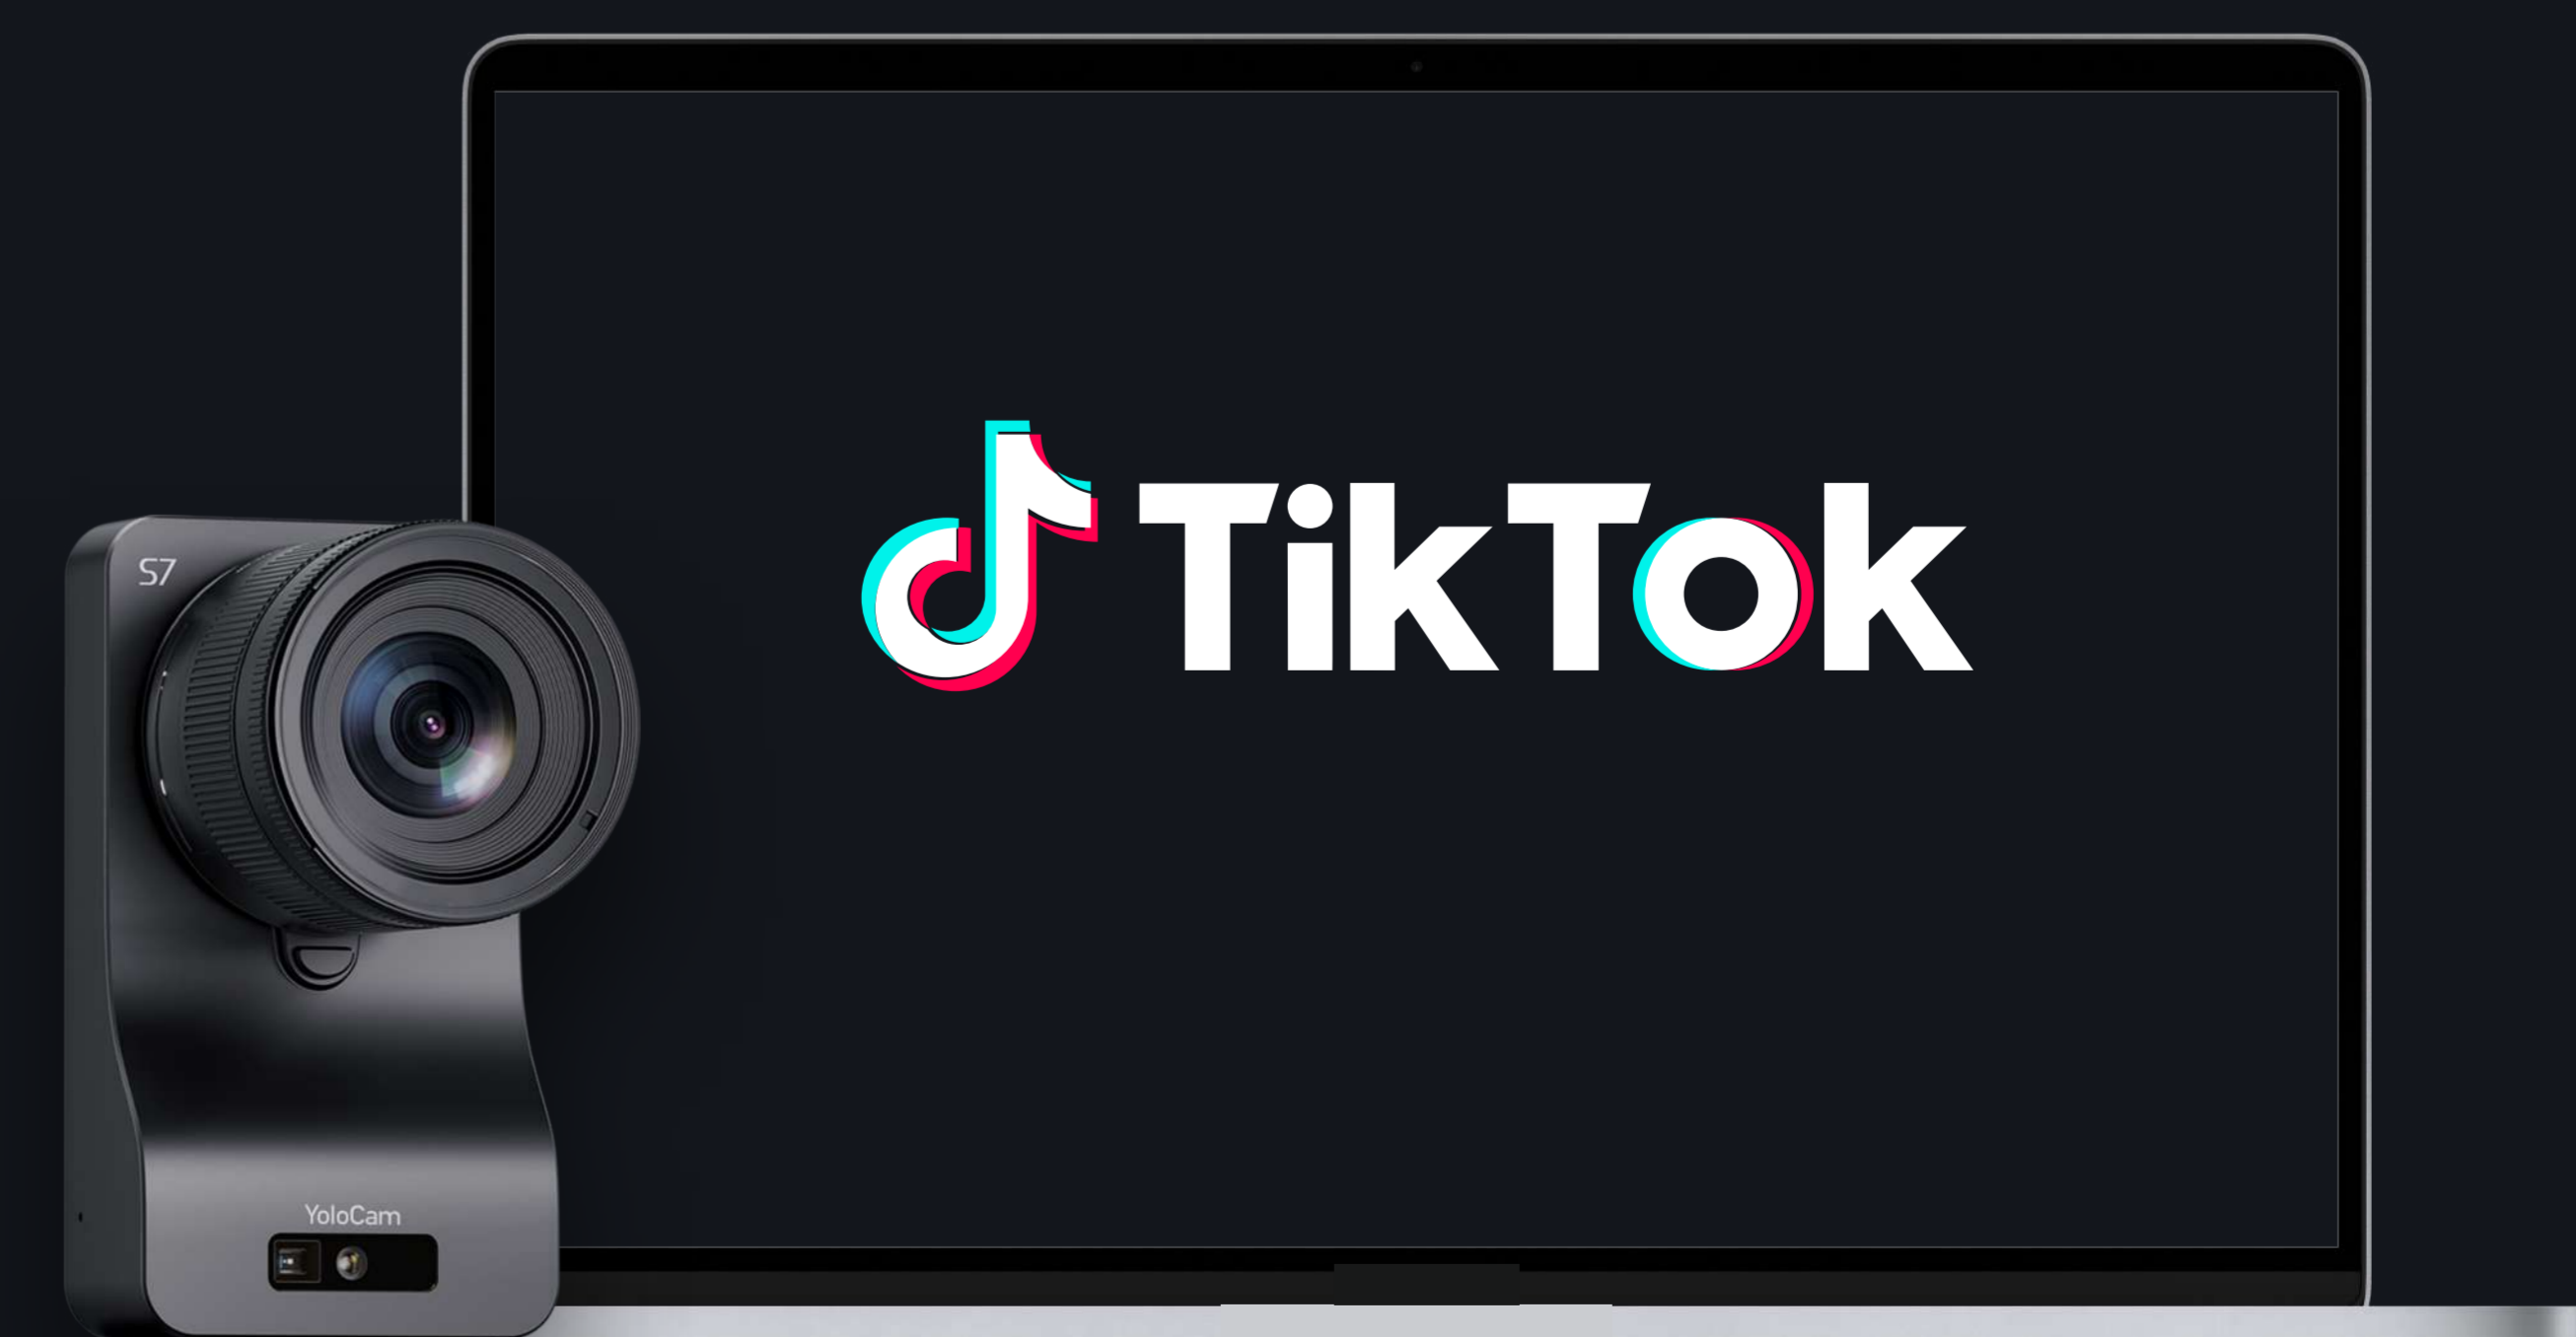

YoloCam + Instream

Multicam Vertical Streaming
With Ease

YOLOLIV COMPOSE: YOLOCAM'S COMPANION SOFTWARE

Stream Smart, Shine Bright

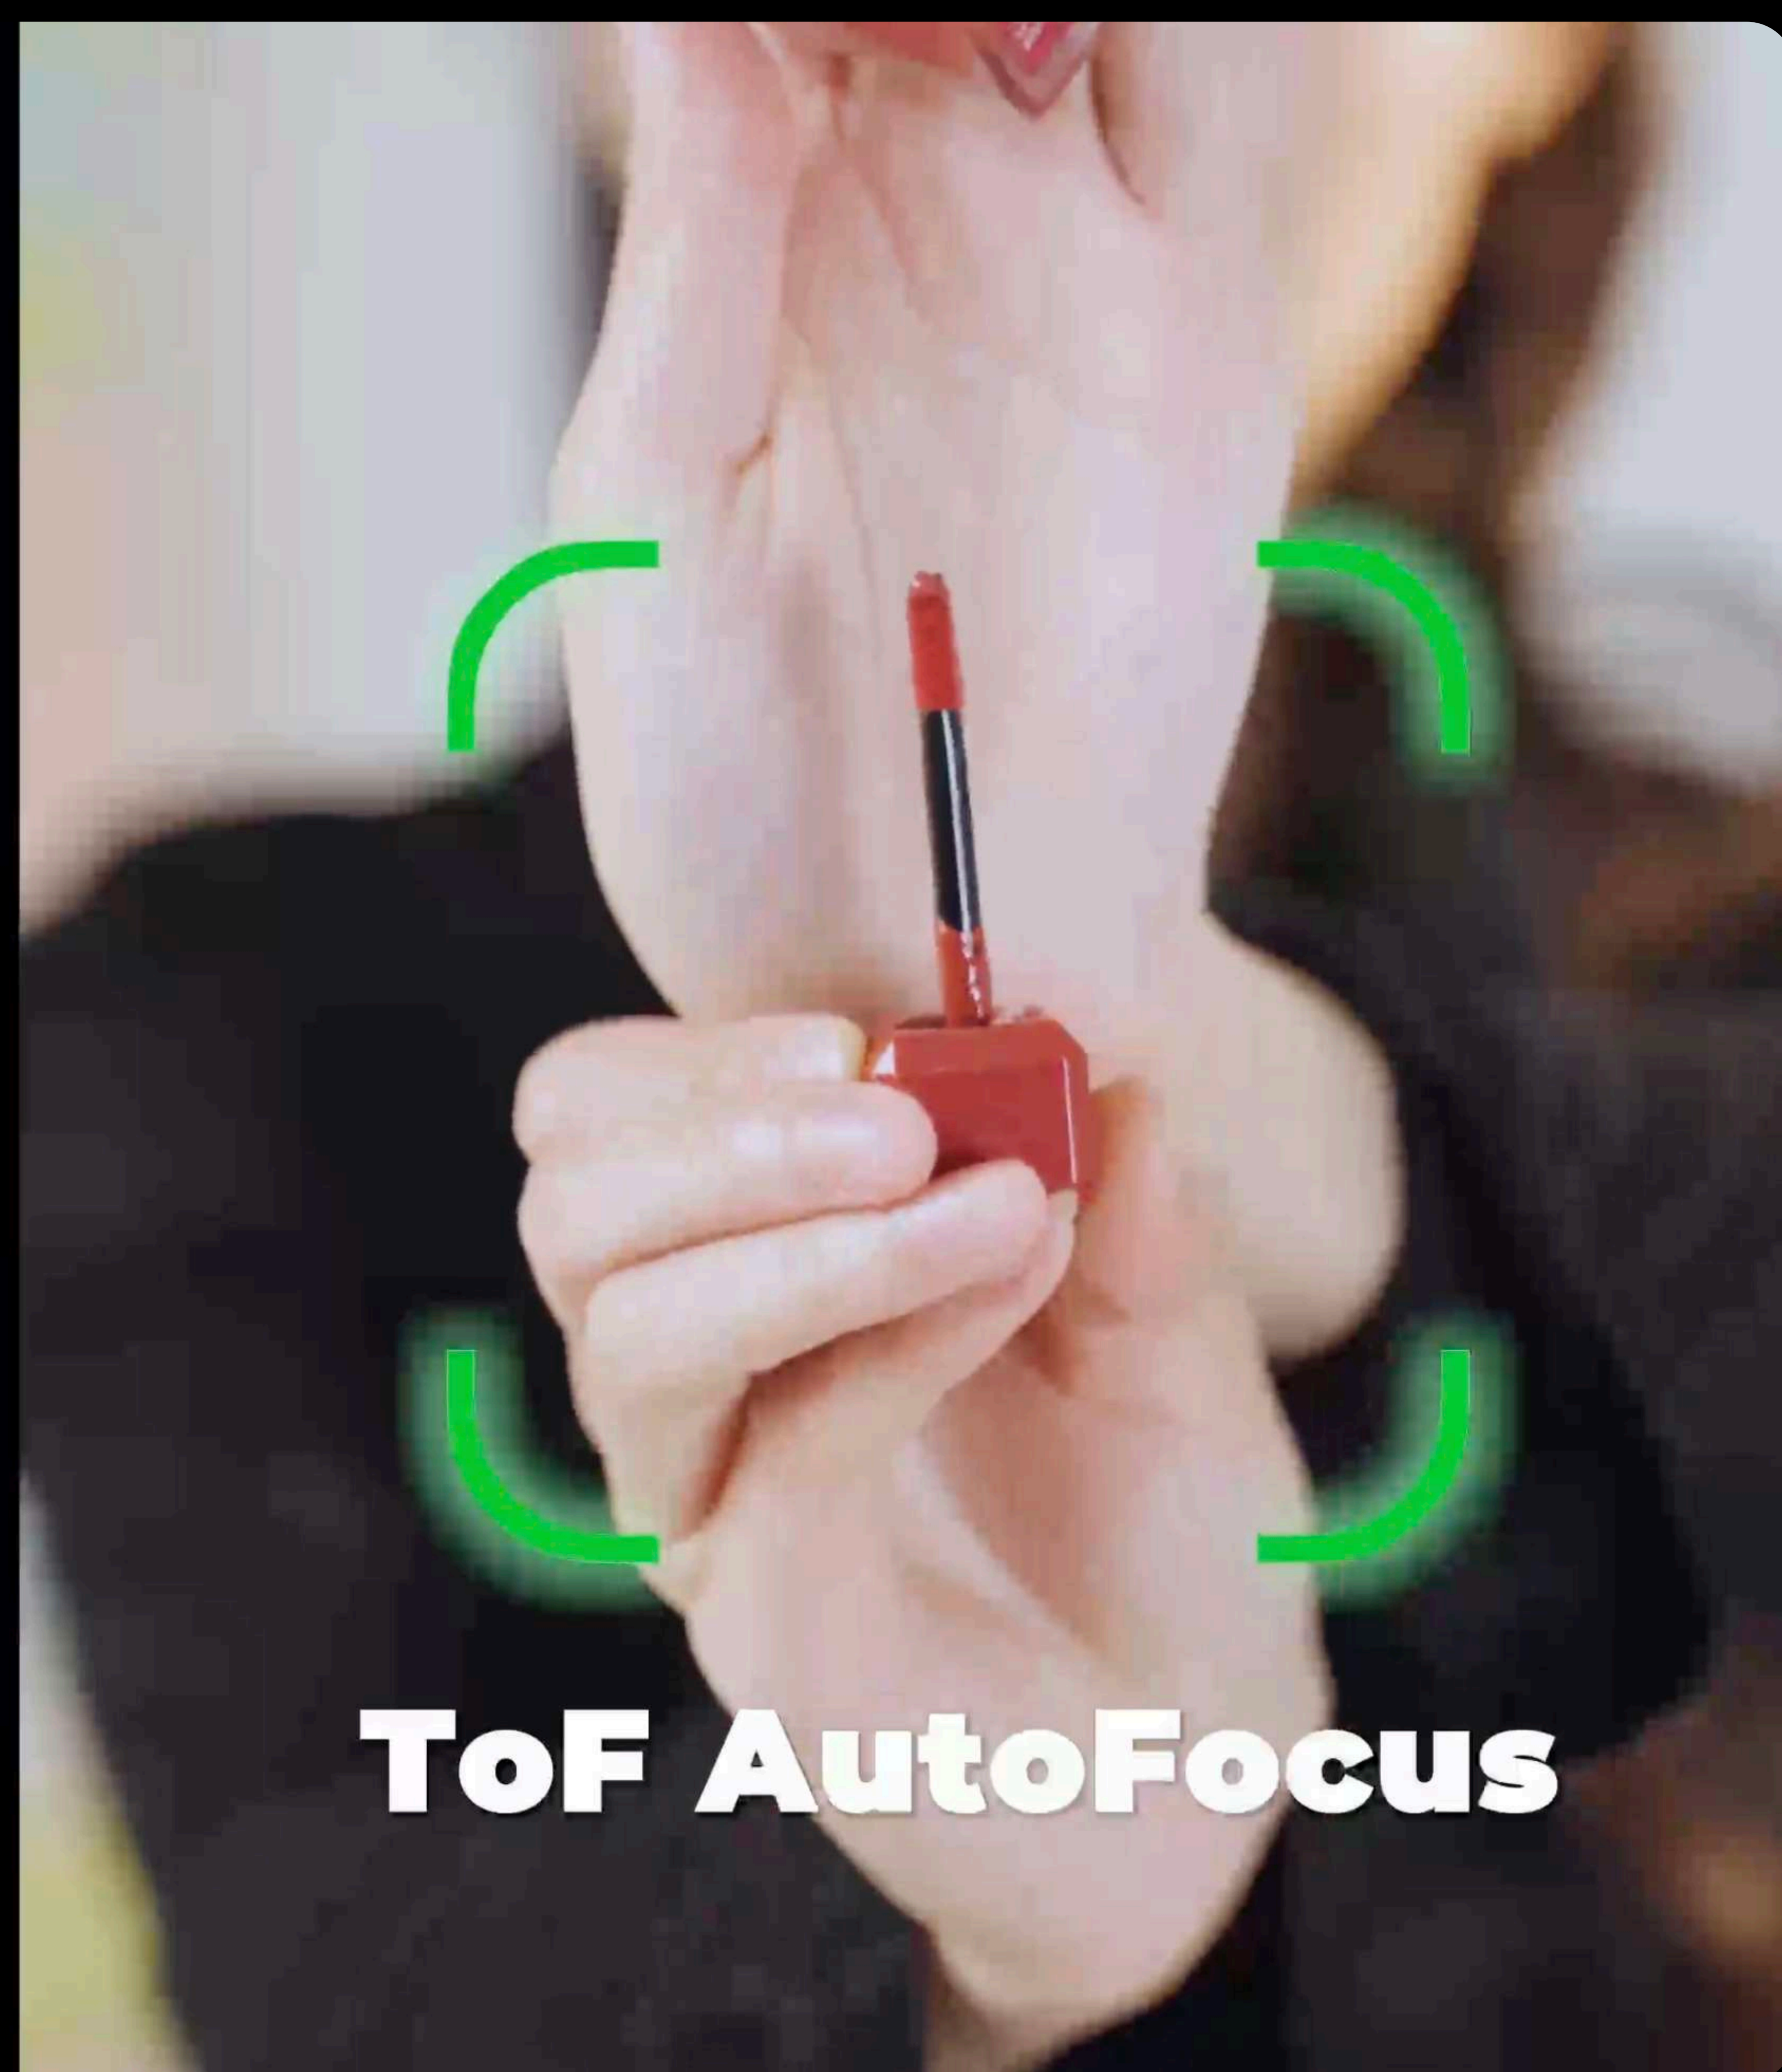

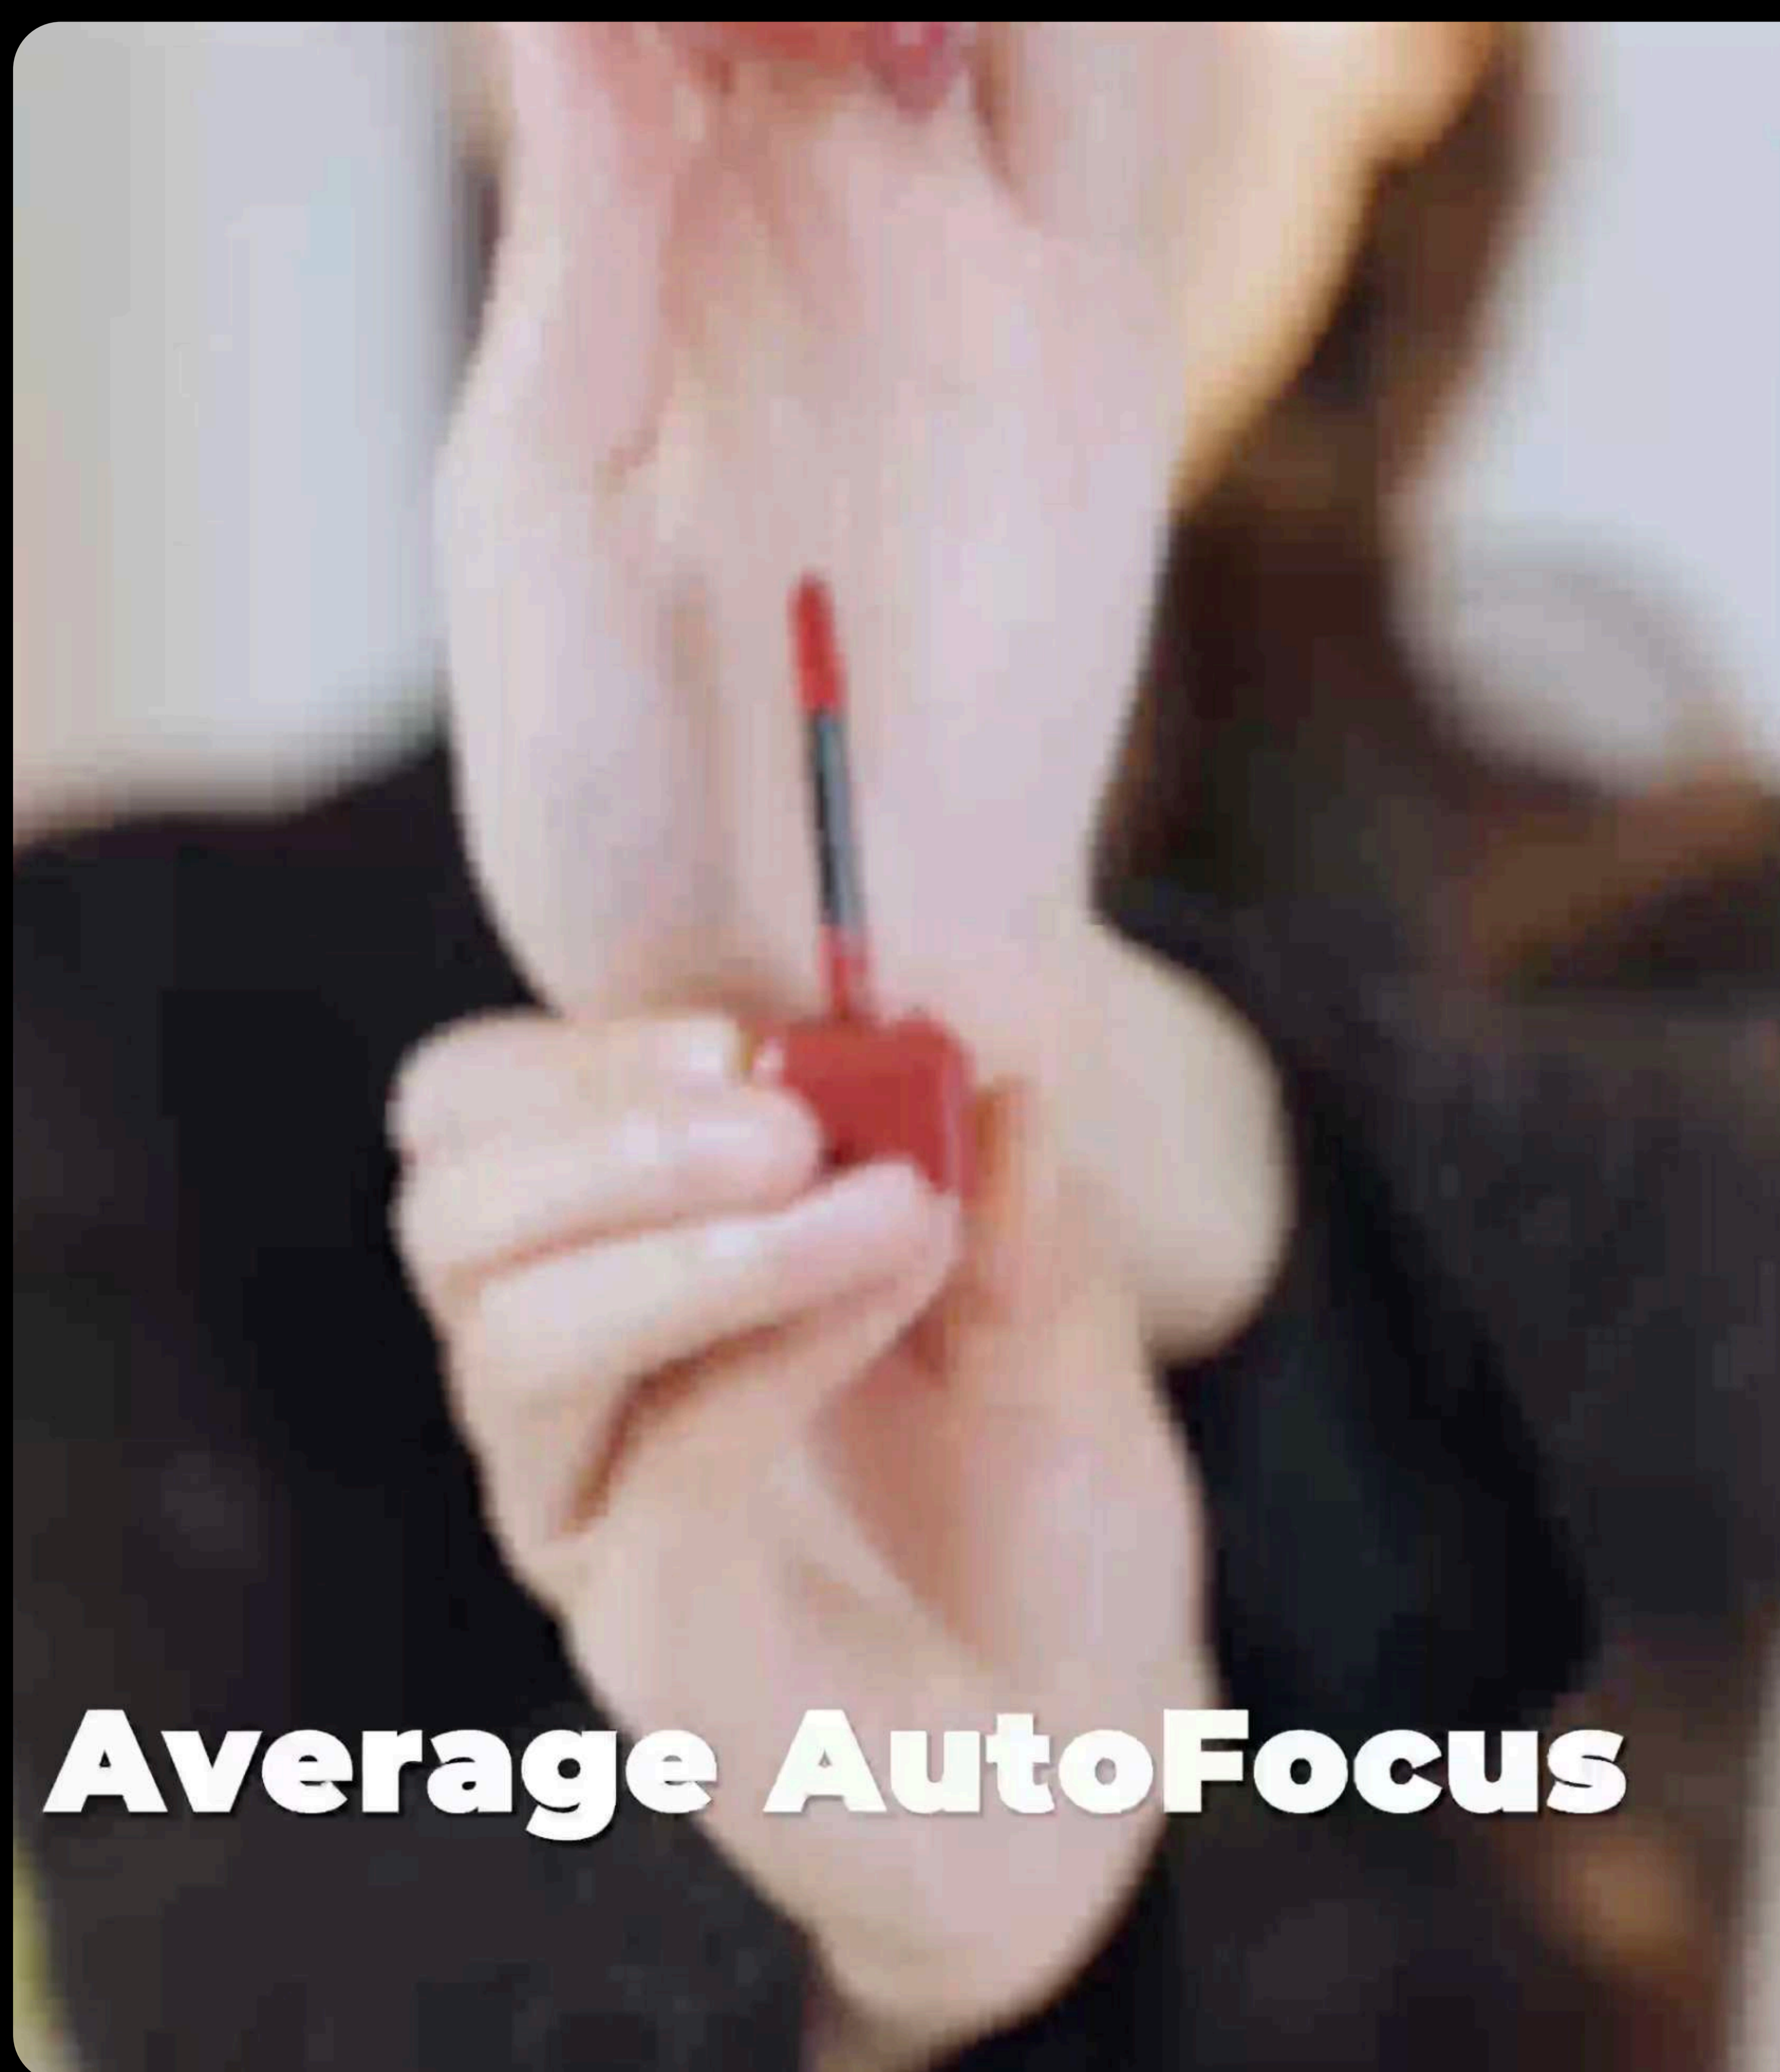

Ensure your products are visually stunning with real-time color correction. Say goodbye to technical worries! YoloLiv AI model automatically adjusts camera settings, make it easy for beginners to create professional-quality streams.

0.08S INSTANTANEOUS AUTOFOCUS

Ultra-Fast, Razor-Sharp

Achieve instant clarity with lightning-fast Time of Flight(ToF) AutoFocus. Say goodbye to blurs and hello to perfectly focused videos every time.

* For the best autofocus performance, keep a safe distance of 20cm-40cm between the target and the camera.

DUAL NATIVE ISO

Superior Low Light Performance

Capture stunning, clear images in any lighting condition. Minimizes noise while preserving dynamic range, ensuring vibrant, sharp video—whether in dimly lit rooms or high-contrast environments.

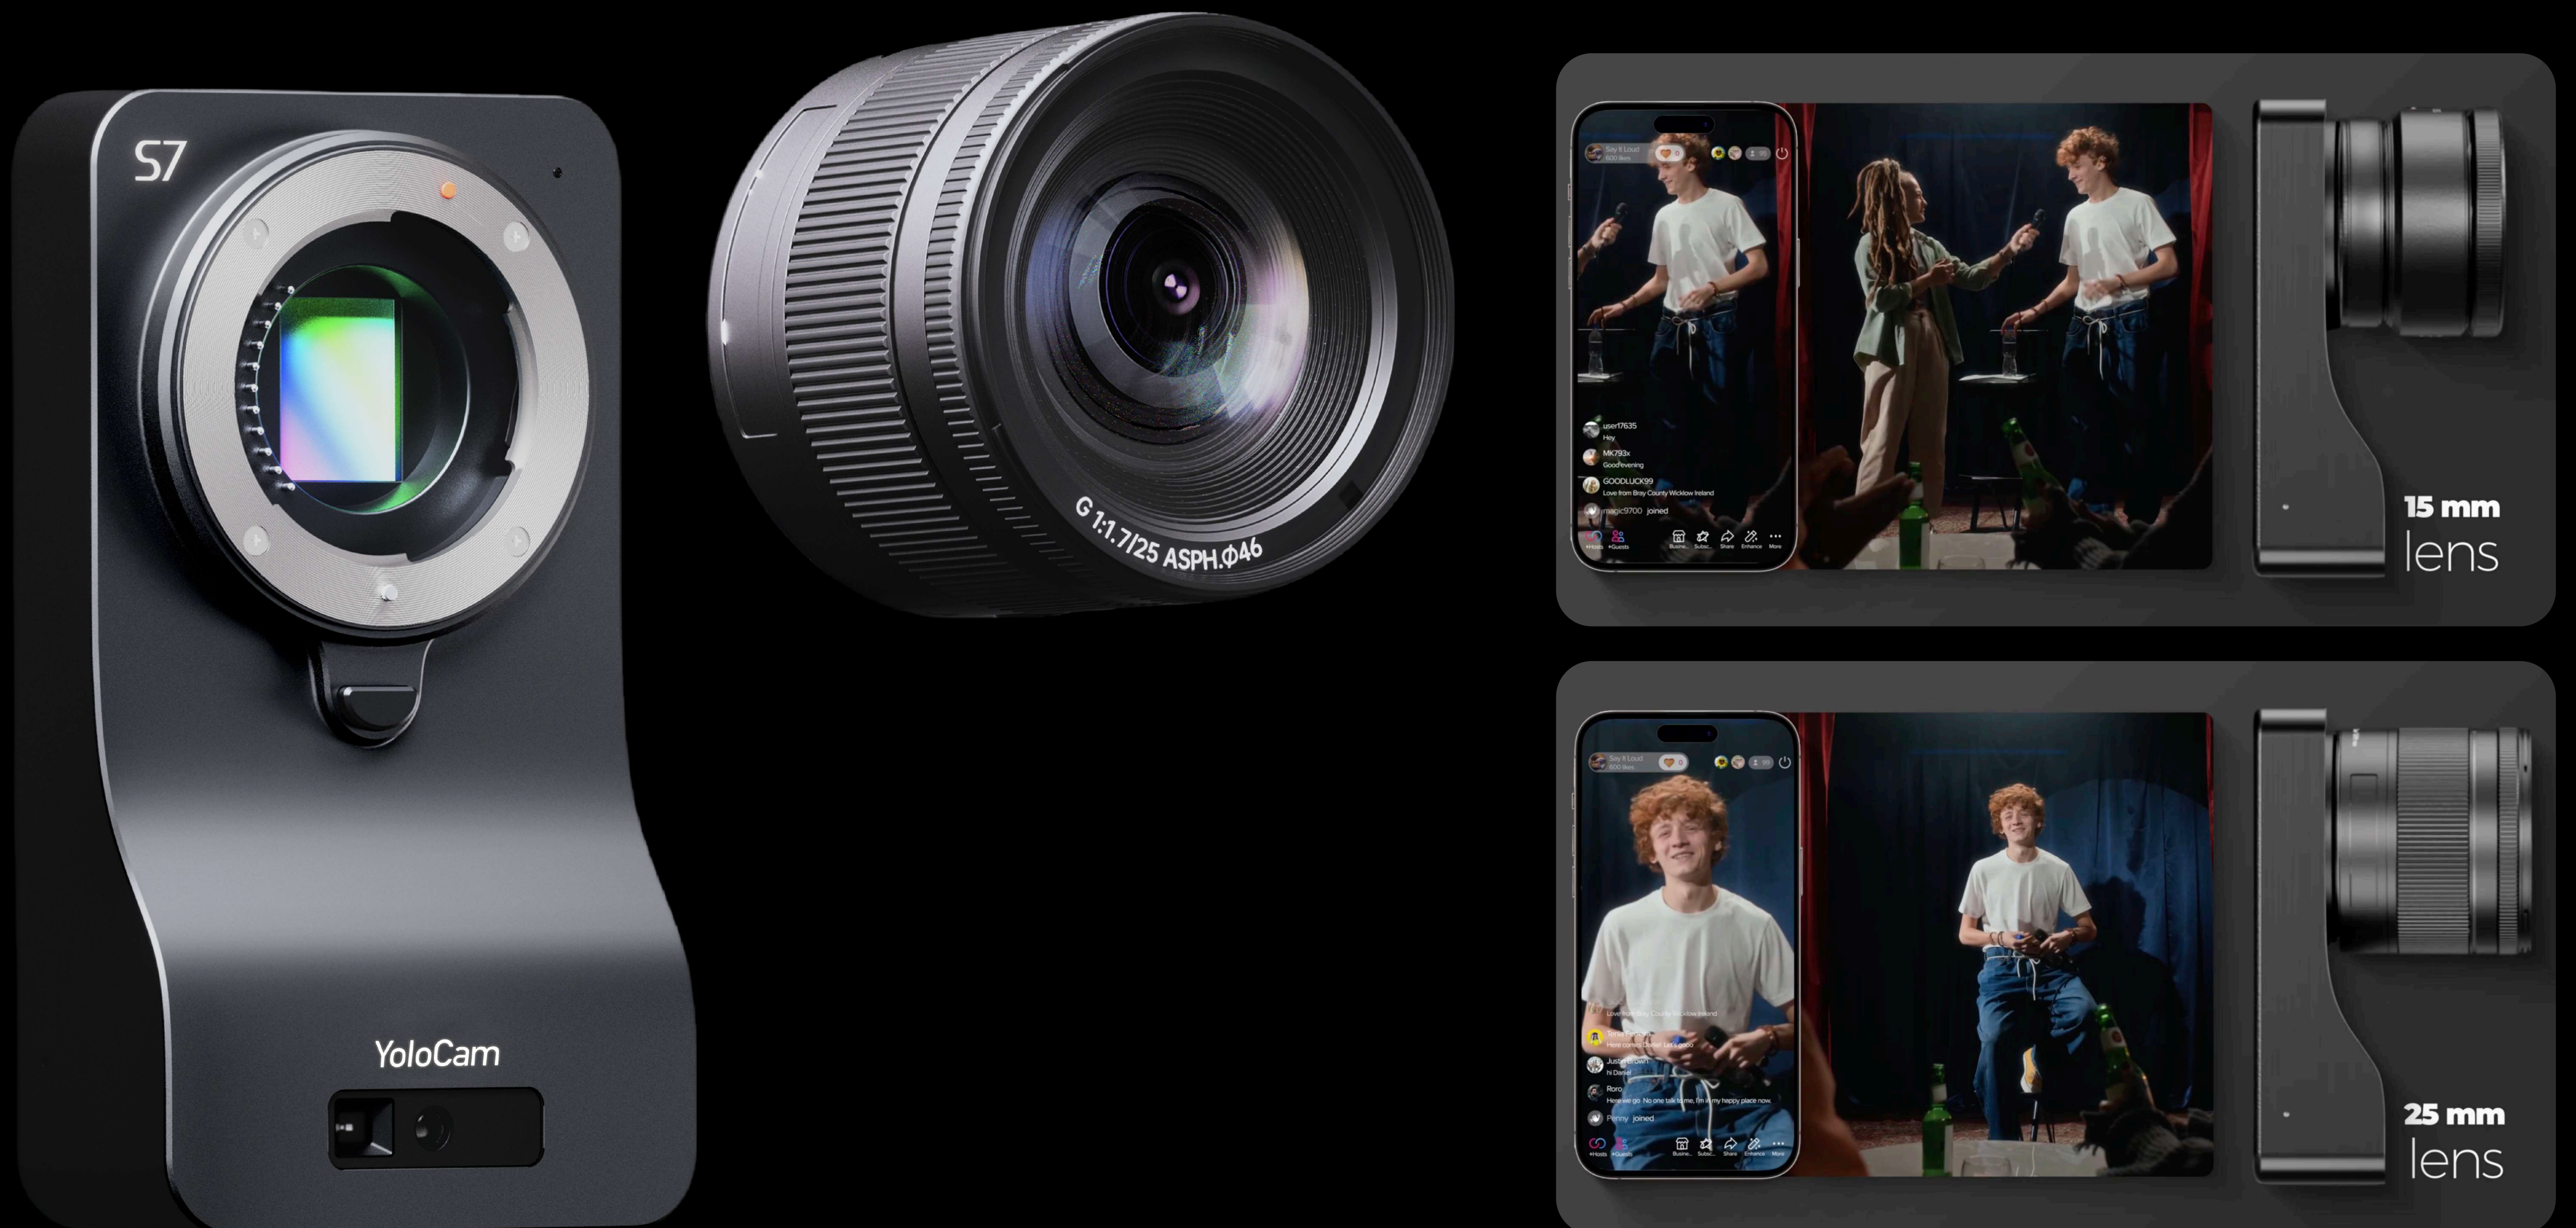

Low ISO

High ISO

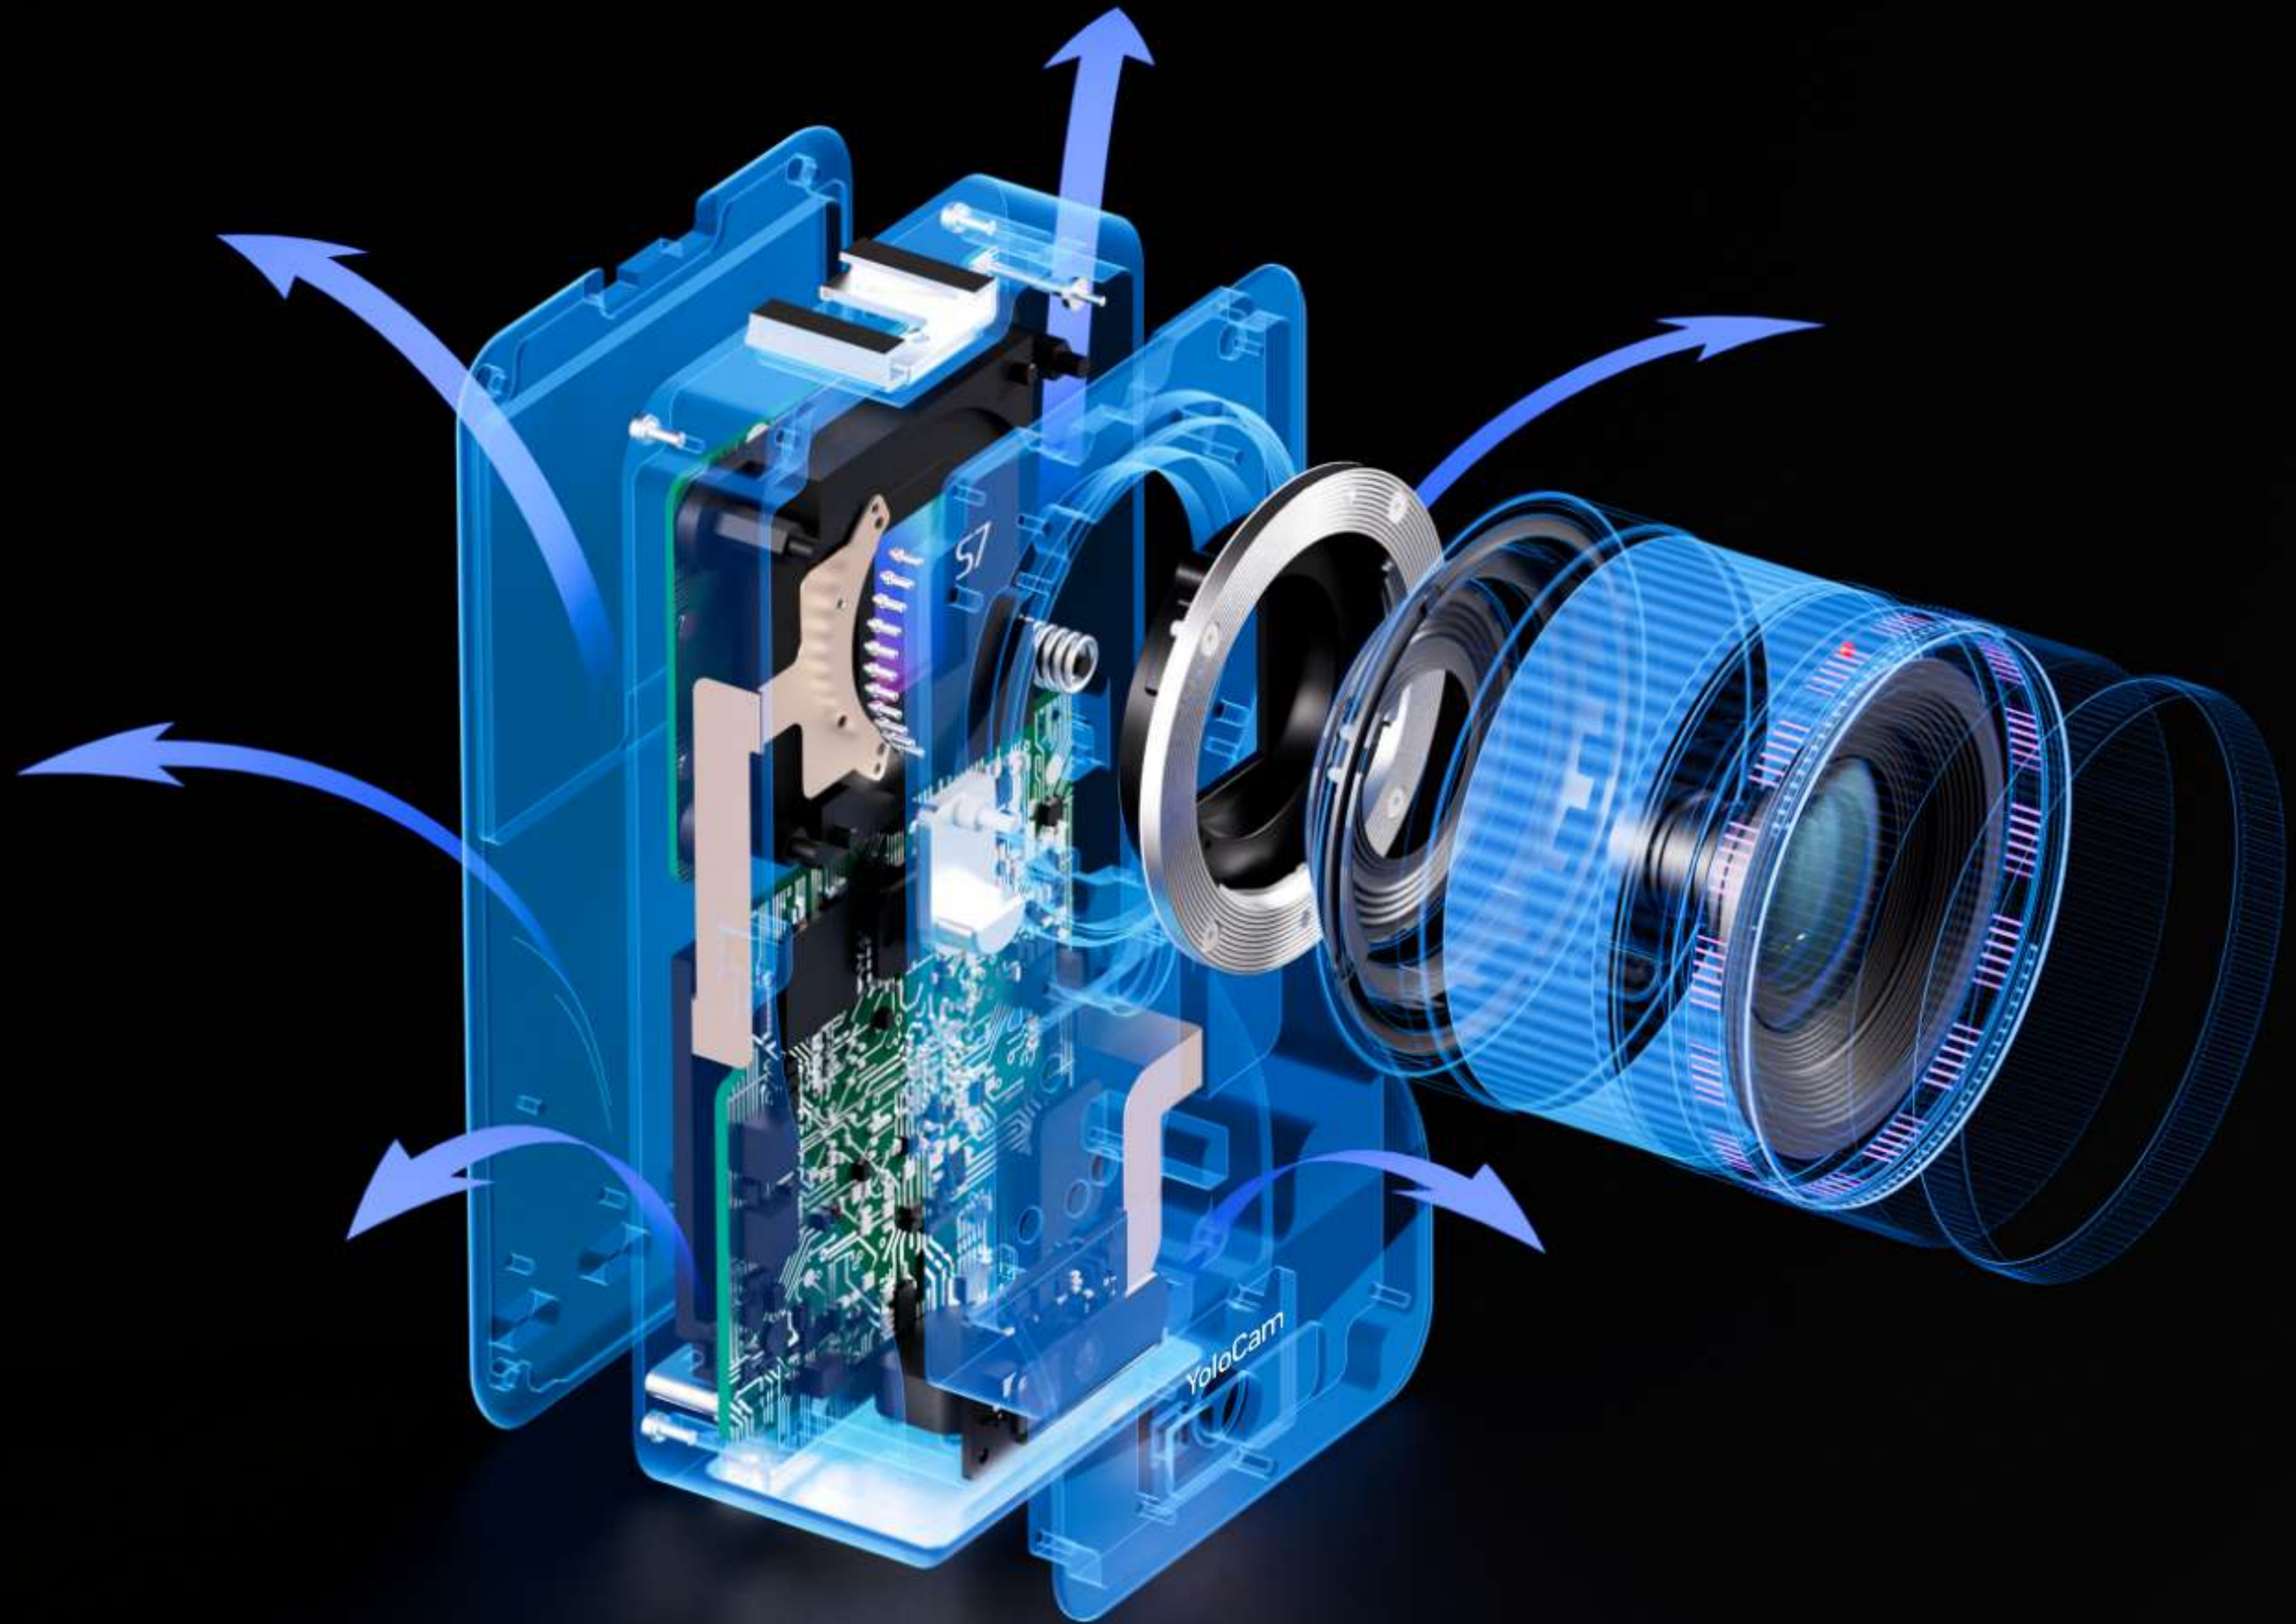

Micro 43 Mount Interchangeable Lens

Get a wider Field Of View or Optical Zoom tailored to your needs. Seamlessly switch lenses to suit any scenario.

* For best auto-focus, Recommended lens: Lumix MFT 25mm F1.7; Lumix MFT 15mm F1.7

Non-Stop 24/7 Live Video Streaming

- No overheating guaranteed.
- All-Aluminum Body
- Expansive Heat-Dissipating Structure
- Dedicated Encoding Hardware
- Rock solid video with confidence

The Best of Both
